## From the M1 or from Nottingham:

Exit at Junction 25 (westbound) and follow the A52 into Derby. On the approach to the roundabout (Pentagon Island), take the middle lane (the left lane splits in the final approach) and go straight on. Still in the middle lane, take the right fork (signposted to City Centre North, Matlock and Ashbourne). After the underpass, take both new left-hand lanes as they appear. On the second of these you will pass the new Leonardo Hotel on your right. At the traffic lights by the Aga Shop, turn left. The Cathedral is straight ahead.

## From the A38 (coming up from the south):

Take the exit labelled Derby (the road becomes three lanes and you move into the left-hand one). At the big roundabout take the second exit following the signs to the city centre. The big Derby Royal Hospital is on your right. Go straight across two sets of traffic lights and at the roundabout at the bottom of the hill turn left onto the Inner Ring Road. Go straight across the first set of lights and at the second set (with Radio Derby on your left) turn right. 100 yards later, at the T-junction, turn left. When you reach the traffic lights you have almost arrived. The Cathedral is to your right.

## From the A38 (coming down from the north):

At the first big roundabout stay on the A38 (in effect a right turn). At the next junction bear left and follow the A6 down into Derby, going straight on at the roundabout by the Broadway pub and straight across the lights at the bottom of the hill. Shortly afterwards, turn left down onto the Inner Ring Road. Stay in the inside lane and take the next left turn. Almost immediately, turn left over the river and then left again under the Inner Ring Road. The Cathedral is ahead of you.
